Preface .....	xvii
---------------	------

## Chapter 1 Psychology: The Evolution of a Science .....1

### Psychology's Roots: The Path to a Science of Mind .....4

Psychology's Ancestors: The Great Philosophers	4
From the Brain to the Mind: The French Connection	5
From Physiology to Psychology: A New Science Is Born	6
James and the Functional Approach	8
<b>THE REAL WORLD</b> Improving Study Skills	9

### Errors and Illusions Reveal Psychology .....10

Illusions of Movement and the Birth of Gestalt Psychology	10
<b>CULTURE &amp; COMMUNITY</b> Why Is It That Most of Us, but Not All of Us, See the Top Line in Figure 1.2 as Longer Than the Bottom Line?	11
Mental Disorders and Multiple Selves	12
Freud and Psychoanalytic Theory	12
Influence of Psychoanalysis and the Humanistic Response	14

### Psychology in the 20th Century: Behaviorism Takes Center Stage .....15

Watson and the Emergence of Behaviorism	15
B. F. Skinner and the Development of Behaviorism	16

### Beyond Behaviorism: Psychology Expands .....17

The Emergence of Cognitive Psychology	18
The Brain Meets the Mind: The Rise of Cognitive Neuroscience	19
The Adaptive Mind: The Emergence of Evolutionary Psychology	21
Beyond the Individual: The Development of Social Psychology	22
The Emergence of Cultural Psychology	23

### The Profession of Psychology: Past and Present .....26

The Growing Role of Women and Minorities	26
What Psychologists Do	27
<b>WHERE DO YOU STAND?</b> The Perils of Procrastination	29

## Chapter 2 The Methods of Psychology .....33

### Empiricism: How to Know Things .....34

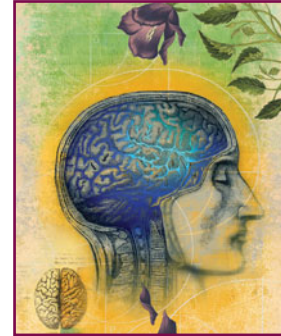

### The Science of Observation: Saying What .....34

<b>CULTURE &amp; COMMUNITY</b> Expecting a Helping Hand? It Depends Where You Are	35
Measurement	35
Samples	37
Demand Characteristics	37
The Blind Observer	39

### The Science of Explanation: Saying Why .....41

Correlation and Causation	41
Matched Samples and Matched Pairs	42
<b>HOT SCIENCE</b> Establishing Causality in the Brain	43

Experimentation	44
Drawing Conclusions	45
<b>The Ethics of Science: Saying Please and Thank You</b>	49
<b>WHERE DO YOU STAND?</b> The Morality of Immoral Experiments	51
<b>Chapter 3 Neuroscience and Behavior</b>	55
<b>Neurons: The Origin of Behavior</b>	56
Electric Signaling: Communicating Information within a Neuron	58
Chemical Signaling: Synaptic Transmission between Neurons	60
Types of Neurotransmitters	61
How Drugs Mimic Neurotransmitters	62
<b>The Organization of the Nervous System</b>	64
Divisions of the Nervous System	64
Components of the Central Nervous System	66
Exploring the Brain	68
<b>The Evolution of Nervous Systems</b>	73
Evolutionary Development of the Central Nervous System	73
Genes and the Environment	75
<b>CULTURE &amp; COMMUNITY</b> Is the Desire to Explore New Lands in the Genes?	76
<b>Investigating the Brain</b>	78
Learning about Brain Organization by Studying the Damaged Brain	78
Listening to the Brain: Single Neurons and the EEG	80
Brain Imaging: Watching the Brain in Action	81
<b>HOT SCIENCE</b> Mirror, Mirror, in My Brain	82
<b>WHERE DO YOU STAND?</b> Brain Death	85
<b>Chapter 4 Sensation and Perception</b>	89
<b>The Doorway to Psychology</b>	90
<b>CULTURE &amp; COMMUNITY</b> Our Brains Interpret Messages from Our Senses and Transform Them into Meaningful Words, Images, and Concepts. Is This Process Universal, or Might Culture Influence Perception?	91
Psychophysics	91
Measuring Thresholds	92
Signal Detection	93
Sensory Adaptation	94
<b>THE REAL WORLD</b> Multitasking	95
<b>Vision: More Than Meets the Eye</b>	96
Sensing Light	96
Perceiving Color	101
The Visual Brain	102
Recognizing Objects by Sight	104
Perceiving Depth and Size	106
Perceiving Motion	108
<b>Audition: More Than Meets the Ear</b>	110
Sensing Sound	110
The Human Ear	112
Perceiving Pitch	113
Localizing Sound Sources	114

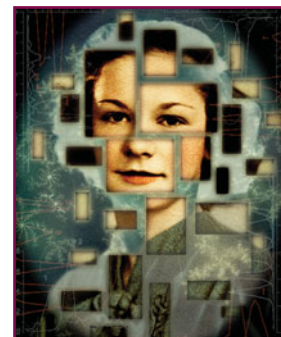

<b>The Body Senses: More Than Skin Deep</b> .....	115
Touch	115
Pain	116
Body Position, Movement, and Balance	117
<b>The Chemical Senses: Adding Flavor</b> .....	119
Smell	119
Taste	121
<b>WHERE DO YOU STAND?</b> Perception and Persuasion	123

<b>Chapter 5 Memory</b> .....	127
<b>Encoding: Transforming Perceptions into Memories</b> .....	129
Elaborative Encoding	129
Visual Imagery Encoding	131
Organizational Encoding	131
<b>Storage: Maintaining Memories over Time</b> .....	133
Sensory Storage	133
Short-Term Storage and Working Memory	133
Long-Term Storage	134
Memories in the Brain	136
<b>Retrieval: Bringing Memories to Mind</b> .....	137
Retrieval Cues: Reinstating the Past	137
<b>CULTURE &amp; COMMUNITY</b> Is Language a Factor in Memory Retrieval? A Study from Cornell University Indicates That It Is	138
Separating the Components of Retrieval	139
<b>Multiple Forms of Memory: How the Past Returns</b> .....	140
Explicit and Implicit Memory	140
Semantic and Episodic Memory	142
<b>Memory Failures: The Seven Sins of Memory</b> .....	143
1. Transience	143
2. Absentmindedness	145
3. Blocking	146
4. Memory Misattribution	146
5. Suggestibility	149
<b>THE REAL WORLD</b> Deadly Misattributions	150
6. Bias	152
7. Persistence	153
Are the Seven Sins Vices or Virtues?	155
<b>WHERE DO YOU STAND?</b> The Mystery of Childhood Amnesia	157

<b>Chapter 6 Learning</b> .....	161
<b>Defining Learning: Experience That Causes a Permanent Change</b> .....	162
The Case of Habituation	162
Learning and Behaviorism	163
<b>Classical Conditioning: One Thing Leads to Another</b> .....	164
Pavlov's Experiments on Classical Conditioning	164
<b>THE REAL WORLD</b> Understanding Drug Overdoses	166
The Basic Principles of Classical Conditioning	166
Conditioned Emotional Responses: The Case of Little Albert	169
A Deeper Understanding of Classical Conditioning	170
<b>CULTURE &amp; COMMUNITY</b> Is It Possible That Humans Have an Innate Ability to Understand Geometry?	173

<b>Operant Conditioning: Reinforcements from the Environment</b> . . . . .	174
The Early Days: The Law of Effect	174
Reinforcement, Punishment, and the Development of Operant Conditioning	175
The Basic Principles of Operant Conditioning	177
Schedules of Reinforcement	180
A Deeper Understanding of Operant Conditioning	182
<b>Observational Learning: Look at Me</b> . . . . .	187
Learning without Direct Experience	187
Observational Learning in Humans	187
Observational Learning in Animals	189
<b>Implicit Learning: Under the Wires</b> . . . . .	190
Ways to Study Implicit Learning	190
Implicit and Explicit Learning Use Distinct Neural Pathways	192
<b>WHERE DO YOU STAND?</b> Learning for Rewards or for Its Own Sake?	193
<b>Chapter 7 Language, Thought, and Intelligence</b> . . . . .	197
<b>Language and Communication: Nothing's More Personal</b> . . . . .	198
The Complex Structure of Human Language	198
Language Development	199
Theories of Language Development	202
The Neurological Specialization That Allows Language to Develop	204
<b>CULTURE &amp; COMMUNITY</b> Does Bilingual Education Slow Cognitive Development?	205
<b>Concepts and Categories: How We Think</b> . . . . .	206
The Organization of Concepts and Category-Specific Deficits	206
Psychological Theories of Concepts and Categories	207
<b>Judging, Valuing, and Deciding: Sometimes We're Logical, Sometimes Not</b> . . . . .	209
Decision Making: Rational and Otherwise	209
Prospect Theory	212
<b>Intelligence</b> . . . . .	213
The Measurement of Intelligence: Highly Classified	213
<b>THE REAL WORLD</b> Look Smart	217
The Nature of Intelligence: Pluribus or Unum?	218
<b>The Origins of Intelligence: From SES to DNA</b> . . . . .	221
Intelligence and Genes	221
Intelligence and Groups	225
Changing Intelligence	226
<b>WHERE DO YOU STAND?</b> Making Kids Smart or Making Smart Kids?	229
<b>Chapter 8 Consciousness</b> . . . . .	233
<b>Conscious and Unconscious: The Mind's Eye, Open and Closed</b> . . . . .	234
The Mysteries of Consciousness	234
The Nature of Consciousness	237
The Unconscious Mind	241
<b>Sleep and Dreaming: Good Night, Mind</b> . . . . .	244
Sleep	244
Dreams	248
<b>CULTURE &amp; COMMUNITY</b> What Do Dreams Mean to Us Around the World?	251
<b>HOT SCIENCE</b> Dreaming and the Brain	252

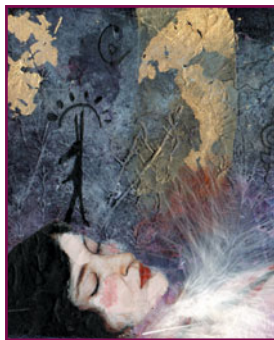

<b>Drugs and Consciousness: Artificial Inspiration</b> .....	253
Drug Use and Abuse	254
Types of Psychoactive Drugs	255
<b>Hypnosis: Open to Suggestion</b> .....	260
Induction and Susceptibility	260
Hypnotic Effects	260
<b>Meditation and Religious Experiences: Higher Consciousness</b> .....	263
Meditation	263
Ecstatic Religious Experiences	263
<b>WHERE DO YOU STAND?</b> Drugs and the Regulation of Consciousness	265
<b>Chapter 9 Emotion and Motivation</b> .....	269
<b>Emotional Experience: The Feeling Machine</b> .....	270
What Is Emotion?	270
The Emotional Body	272
The Emotional Brain	274
<b>CULTURE &amp; COMMUNITY</b> Do We Really Fear People from Other Cultures More Than Our Own?	276
The Regulation of Emotion	276
<b>Emotional Communication: Msgs w/o Wrds</b> .....	278
Communicative Expression	278
Deceptive Expression	280
<b>THE REAL WORLD</b> That's Gross!	281
<b>Motivation: Getting Moved</b> .....	284
The Function of Emotion	284
The Conceptualization of Motivation	285
Eating	287
Mating	289
Kinds of Motivation	291
<b>WHERE DO YOU STAND?</b> Here Comes the Bribe	294
<b>Chapter 10 Development</b> .....	297
<b>Prenatal: A Womb with a View</b> .....	298
Prenatal Development	299
Prenatal Environment	300
<b>Infancy and Childhood: Becoming a Person</b> .....	301
Perceptual and Motor Development	301
Cognitive Development	303
<b>CULTURE &amp; COMMUNITY</b> Are Counting Abilities Determined in Part by Culture?	310
Social Development	310
Moral Development	313
<b>THE REAL WORLD</b> The Truth about Day Care	314
<b>Adolescence: Minding the Gap</b> .....	318
The Protraction of Adolescence	318
Sexuality	320
Parents and Peers	321
<b>Adulthood: The Short Happy Future</b> .....	323
Changing Abilities	323
Changing Orientations	325
Changing Roles	327
<b>WHERE DO YOU STAND?</b> Licensing Parents	329

<b>Chapter 11 Personality</b> .....	333
<b>Personality: What It Is and How It Is Measured</b> .....	334
Describing and Explaining Personality	334
Measuring Personality	335
<b>The Trait Approach: Identifying Patterns of Behavior</b> .....	338
Traits as Behavioral Dispositions and Motives	338
The Search for Core Traits	339
Traits as Biological Building Blocks	340
<b>The Psychodynamic Approach: Forces That Lie beneath Awareness</b> .....	342
The Structure of the Mind: Id, Ego, and Superego	342
Dealing with Inner Conflict	343
Psychosexual Stages and the Development of Personality	345
<b>The Humanistic-Existential Approach: Personality as Choice</b> .....	348
Human Needs and Self-actualization	348
Personality as Existence	348
<b>The Social Cognitive Approach: Personalities in Situations</b> .....	350
Consistency of Personality across Situations	350
<b>CULTURE &amp; COMMUNITY</b> Does Your Personality Change According to Which Language You're Speaking?	351
Personal Constructs	351
Personal Goals and Expectancies	352
<b>The Self: Personality in the Mirror</b> .....	353
Self-concept	354
Self-esteem	355
<b>HOT SCIENCE</b> Implicit Egotism: Liking Ourselves without Knowing It	356
<b>WHERE DO YOU STAND?</b> Personality Testing for Fun and Profit	359
<b>Chapter 12 Psychological Disorders</b> .....	363
<b>Identifying Psychological Disorders: What Is Abnormal?</b> .....	364
Classification of Psychological Disorders	366
Causation of Psychological Disorders	368
<b>CULTURE &amp; COMMUNITY</b> Can People in Different Parts of the World Have Different Mental Disorders?	369
Consequences of Labeling	370
<b>Anxiety Disorders: When Fears Take Over</b> .....	371
Generalized Anxiety Disorder	371
Phobic Disorders	372
Panic Disorder	374
Obsessive-Compulsive Disorder	374
<b>Dissociative Disorders: Going to Pieces</b> .....	376
Dissociative Identity Disorder	376
Dissociative Amnesia and Dissociative Fugue	377
<b>Mood Disorders: At the Mercy of Emotions</b> .....	378
Depressive Disorders	378
Bipolar Disorder	381
<b>THE REAL WORLD</b> Suicide Risk and Prevention	382
<b>Schizophrenia: Losing the Grasp on Reality</b> .....	384
Symptoms and Types of Schizophrenia	384
Biological and Psychological Factors Associated with Schizophrenia	386

<b>Personality Disorders: Going to Extremes</b> .....	389
Types of Personality Disorders	389
Antisocial Personality Disorder	391
<b>HOT SCIENCE</b> Positive Psychology: Exterminating the Mindbugs	392
<b>WHERE DO YOU STAND?</b> Normal or Abnormal	393
<b>Chapter 13 Treatment of Psychological Disorders</b> .....	397
<b>Treatment: Getting Help to Those Who Need It</b> .....	398
Why People Cannot or Will Not Seek Treatment	399
<b>THE REAL WORLD</b> Types of Psychotherapists	400
<b>CULTURE &amp; COMMUNITY</b> Is Psychotherapy the Same around the World?	401
Approaches to Treatment	401
<b>Psychological Therapies: Healing the Mind through Interaction</b> .....	402
Psychodynamic Therapy	402
Behavioral and Cognitive Therapies	404
Humanistic and Existential Therapies	407
Groups in Therapy	409
<b>Medical and Biological Treatments: Healing the Mind through the Brain</b> . . .	411
Antipsychotic Medications	412
Antianxiety Medications	413
Antidepressants and Mood Stabilizers	413
Herbal and Natural Products	415
Combining Medication and Psychotherapy	416
Biological Treatments beyond Medication	417
<b>Treatment Effectiveness: For Better or for Worse</b> .....	419
Treatment Illusions	419
Treatment Studies	420
Which Treatments Work?	421
<b>WHERE DO YOU STAND?</b> Should Drugs Be Used to Prevent Traumatic Memories?	423
<b>Chapter 14 Stress and Health</b> .....	427
<b>Sources of Stress: What Gets to You</b> .....	428
Stressful Events	428
Chronic Stressors	430
<b>CULTURE &amp; COMMUNITY</b> Can Being the Target of Discrimination Cause Stress and Illness?	430
Perceived Control over Stressful Events	431
<b>Stress Reactions: All Shook Up</b> .....	432
Physical Reactions	433
Psychological Reactions	436
<b>Stress Management: Dealing with It</b> .....	438
Mind Management	439
Body Management	441
Situation Management	442
Social Support	442
<b>The Psychology of Illness: When It's in Your Head</b> .....	444
Recognizing Illness and Seeking Treatment	445
Somatoform Disorders	446
On Being a Patient	446
<b>HOT SCIENCE</b> Why Sickness Feels Bad: Psychological Effects of Immune Response	447
Patient-Practitioner Interaction	448

<b>The Psychology of Health: Feeling Good</b> .....	449
Personality and Health	449
Health-Promoting Behaviors and Self-regulation	450
<b>WHERE DO YOU STAND?</b> Consider Yourself Warned	454
<b>Chapter 15 Social Psychology</b> .....	457
<b>Social Behavior: Interacting with People</b> .....	458
Survival: The Struggle for Resources	458
Reproduction: The Quest for Immortality	463
<b>CULTURE &amp; COMMUNITY</b> Does Love = Marriage Around the World?	465
<b>HOT SCIENCE</b> Beautifully Average	468
<b>Social Influence: Controlling People</b> .....	472
The Hedonic Motive: The Power of Pleasure	472
The Approval Motive: The Power of Social Acceptance	473
The Accuracy Motive: The Power of Being Right	476
<b>Social Cognition: Understanding People</b> .....	480
Stereotyping: Drawing Inferences from Categories	480
Attribution: Drawing Inferences from Actions	484
<b>WHERE DO YOU STAND?</b> Are You Prejudiced?	487
